Feedback on the building options:

I agree shop should remain in recreation, but is there any reason why the V/H cannot be located in the park behind the present V/H, more space and for a larger parking area.

Feedback on the locations:

If V/H needs to be in recreation, I think separate building from shop - would be better located in the L/H corner near the steps NOT on left just inside entrance. Looking cluttered - This is a recreation area and should be kept as such.

Feedback on the designs:

Roof on new VH looks ugly and should be redesigned to be less obtrusive to the surrounding residents

How Can You Help??
