Feedback on the building options:

I think it's important to have the building linked. I like the cranked option. This would enable drinks & food arrangements before a show etc. I think it's important to have a new hall for future generations.

Feedback on the locations:

It's important to be near the playground for parents & children. Access to toilets & food etc. Maybe slightly set back so that when you approach the rec you see an open space.

Feedback on the designs:

The cranked design looks light and spacious. Toilet for shop should be in view of playground for parents/children security. Car park near railway.

How Can You Help??

Feedback on the building options:

ALL THE OPTIONS LOOK GOOD BUT I THINK A COMBINED
HALL/SHOP WOULD BE THE MOST PRACTICAL SO CAN COMBINE
EVENTS, FACILITIES ETC.

Feedback on the locations:

LOCATIONS - EXCELLENT. SINGLE STRAIGHT BUILDING SEEMS BEST
BASED ON ABOVE. (CAR PARKING AND MAINTAINING PLAY
EQUIPMENT ESSENTIAL).

Feedback on the designs:

LIKE ALL THE DESIGNS AND THE ECO-FRIENDLY CONSIDERATIONS.
A DEFINITE <u>YES</u> .
